Woman's Beauty No Secret

It all lies in the care she bestows upon herself and in keeping at bay those dread ailments peculiar to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches and mental depression are only the tell tale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs and restore their health to a normal condition.
